NAMING OPPORTUNITIES

The naming opportunities listed here are important, visible components of the new Sussex Academy facility. Many are available only during the Phase 2 campaign and construction period. **Please let us know of your selection soon so it can be reserved for you.**

All donations for naming purposes are fully tax-deductible and naming rights will be secured in perpetuity. Pledges can be fulfilled over three years and must be paid in full before a naming right is fully secured.

Our Phase 2 Objective

The Phase 2 campaign for Sussex Academy (2015-16) seeks to raise \$9.8 million to:

- Construct a new middle school wing with 15 classrooms
- Create five athletic fields, two of those turf, and a running track
- Complete the auditorium and cafeteria area
- Build a world-class digital library / learning center
- Construct a professional performing arts stage

Your purchase of an attractive naming right at Sussex Academy will help achieve our campaign goal.

Meeting the Challenge

In Sussex County, DE only 23.5% of 9th grade students enroll in a four-year college or university. At the same time, 22% of adults with just high school degrees will live in poverty. Young people are Sussex County's greatest resource – we must do more to improve their chances for productive lives.

By preparing and qualifying more students for acceptance at top colleges, Sussex Academy is creating our business, professional and community leaders of the future.
